# ART and MUSEUMS

As the second-oldest county in Alabama, Baldwin County has a wealth of culture and numerous historic places that demand a visit. Whether it's a trip to one of the many museums that celebrate Baldwin County's past in areas like seafaring, farming and the railroads or our many monuments celebrating our veterans, both past and present, you will undoubtedly find something to pique your interest. If art or antiquing is more in your wheelhouse, visit our many galleries or pottery studios to view local masterpieces or to make a few of your own.

## INSHORE

On the Alabama Gulf Coast, you have the opportunity to fish in the Bay, Bayou, Delta or Nearshore. Each venue provides a variety of fish. Short fishing trips (4 hours) as well as all day fishing trips are available. Each boat provides bait, tackle and fishing licenses. You will need a cooler for your drinks and snacks.

## OFFSHORE

The length of the trip and distance traveled offshore is generally determined by weather, sea conditions and the fish you want to target.

The boats are designed to operate in an offshore environment and provide a safe and comfortable ride. These boats are safety inspected by the U.S. Coast Guard.

## Passenger Trip Suggestions and Etiquette

*Contributed by Iris G. Ethridge  
ACFA Charter Fishing Directory*

1. Dress for comfort. Bring sunscreen, a camera, sunglasses and wear soft, light-colored sole shoes.
2. Avoid rich food and excessive alcohol the night before. Eat a light breakfast and if taking motion sickness medication please follow directions.
3. Bring an ample supply of eats and drinks. It is customary to bring eats and drinks for your captain and crew.
4. Please respect the boat and equipment. Your captain and crew have a lot of pride in their vessels and equipment can be costly to you if damaged or lost overboard.
5. Deckhands work hard for you and have pride in your catch. Their day starts several hours before your trip and extends hours after you are gone. We recommend a 15 percent to 20 percent tip over and above a fish cleaning fee.
6. Make sure you choose a trip that suits you. Our fleet offers 4 hour trips all the way up to 3 day trips. Your Captain can assist you in choosing the appropriate trip to meet your needs.
7. Always inquire about payment method, cancellation and bad weather policies.

## RIP CURRENTS

### Break the Grip of the Rip!

Rip currents are powerful currents of water moving away from shore. They can sweep even the strongest swimmer out to sea.

**IF CAUGHT IN A RIP CURRENT**

- ◆ Don't fight the current
- ◆ Swim out of the current, then to shore
- ◆ If you can't escape, float or tread water
- ◆ If you need help, call or wave for assistance

**SAFETY**

- ◆ Know how to swim
- ◆ Never swim alone
- ◆ If in doubt, don't go out

More information about rip currents can be found at the following web sites:  
[www.ripcurrents.noaa.gov](http://www.ripcurrents.noaa.gov)  
[www.usfa.org](http://www.usfa.org)

If you're looking for great food of any variety, Alabama's Gulf Coast has got you and yours covered. From fresh-caught local seafood to down-home Southern cuisine and everything in between, our area's world-class chefs can whip up a dish that can tantalize all your tastebuds.
