## Silverhill interim police chief Branscomb resigns

**By JOHN UNDERWOOD** 

john@gulfcoastmedia.com

SILVERHILL — Just three months after being appointed to fill the roll as interim police chief, Sgt. John Branscomb announced during the Silverhill Council meeting on Monday, June 3 that he is resigning from the department to accept a position with the Elberta Police Department.

"Friday will be my last day," said Branscomb, who also served as the town's school resource officer.

Branscomb said Monday that Sgt. Daniel Boutwell was in the middle of training as a school resource officer and should be certified by the end of the week.

The council tabled action at its Monday, April 15 meeting to move Branscomb from the role of interim chief to permanent chief.

The town has been advertising for an additional SRO position, officials said, and also voted to advertise for the chief's position.

Mayor Pro Tem Steve Brooks, who presided over Monday's meeting in the absence of Mayor Jared Lyles, said the town has a few applications in for both the

chief and the SRO position and should soon begin the interview process to fill both positions.

At its last meeting May 15, the council voted to approve a similar application process employed by the Foley Police Department, which includes standardized test questions and may include having to take a lie detector test.

Branscomb was appointed

as interim chief following the resignation of Michael Tavlor on March 4.

Taylor served as the town's acting chief following the

resignation of Kevin Brock in January of 2018 and was

ing under combined influence.

According to a post on the Robertsdale Police Department's Facebook page Sunday morning, RPD officers responded

to a report of an accident at around 2:08 p.m. on Saturday.

Once on the scene officers found 43-year-old Elmer Earl Cook II of Robertsdale, who was pronounced dead at the scene.

Investigators say a 2014 Jeep, driven by

Bergevin, was traveling north and crossed over the centerline into the southbound lane and partly off the roadway, striking a 1997 Honda motorcycle and Cook.

Investigators say Cook may have been on the shoulder of the roadway on the southbound side

of College Avenue when he was struck. Further investigation revealed that there was probable cause to arrest Bergevin for driving under the influence. Bergevin has also been charged with manslaughter.

The investigation is still ongoing.

## Legislature passes seat belt bill to save lives on Alabama roads

MONTGOMERY — The Alabama House of Representatives Thursday gave final passage to a bill that will require all occupants of a vehicle to wear a seat belt.

The legislation sponsored by Sen. David Burkette, D-Montgomery, and Rep. Chris Sells, R-Greenville, passed the House 76 to 17, and now goes to Gov. Kay Ivey to be signed into law. The bill was named after Roderic Deshaun Scott, the Robert E. Lee High School basketball star from Montgomery who died after a car crash in 2016.

Burkette passed the

bill in the Senate, while Sells carried the House companion bill. Rep. Kirk Hatcher, D-Montgomery, joined Sells on the house floor in urging final passage.

"The Roderic Deshaun Scott Seat Belt Safety Act puts a human face on an issue that's long overdue to be addressed," Hatcher said. "This is an important step in strengthening the safety culture in Alabama by requiring seat belt use by back seat passengers."

"National data show us that seat belt use and compliance with seat belt laws may be the most effective safety measure we can take," Sells said. "Now Alabama's seat belt law will truly reflect the importance of seat belts in highway safety."

"It is my hope that voluntary compliance with this new law will save thousands of lives in the years to come," Burkette said. "I am saddened that it took such a tragedy to serve as the impetus for passing this law, but honoring Roderic Scott is an appropriate way to preserve the memory of this special young man."

"The Alabama Legislature is to be com-

mended for amending Alabama's seat belt law to include rear seat passengers," said Tony Harris, Government Relations Manager at the Alabama Department of Transportation. "Sixty percent of the people dying on Alabama's roadways are not wearing a seat belt, especially those riding in rear seats. Many crashes are survivable with the use of a seat belt."

Alabama becomes the 29th state to require seat belt use by rear seat vehicle occupants. Alabama law since

2000 has required use of

seat belts by front seat

vehicle occupants. The law had not addressed seat belt use in rear seats by occupants over the age of 15. Rear seat passengers

Rear seat passengers in a vehicle are three times more likely to die in a crash if they are not wearing a seat belt, according to the National Highway Traffic Safety Administration.

## Funding cuts could hit county roads

**Bv GUY BUSBY** 

guy@gulfcoastmedia.com

BAY MINETTE — Baldwin County got off to a good start on highway improvements in the first half of this fiscal year, but state legislation could hurt funding used for bridge repairs in upcoming years, county officials said Tuesday.

During the first half of the current fiscal year, which began Oct. 1, 2018, highway crews began work on \$2 million in road resurfacing projects and plans to pave more than 19 miles of the 184

miles of unpaved roads under county maintenance, Joey Nunnally, county engineer, said.

Other work included road resurfacing, drainage, safety improvements, park improvements and bridge repairs, he said.

Commission Chairman Charles "Skip" Gruber, said, however, that while work is going well currently, changes in funding could affect work in the future. He said state legislation will cut about \$500,000 in funding a year.

We lost almost 500,000 in federal money that

was coming to us," Gruber said. That's been taken from us."

Nunnally said that funding, \$513,000 last year, has been enough to pay for improvements on about one bridge a year.

**Baldwin County** has 163 bridges that are maintained by the county Highway Department. In 2005, the county had 136 bridges.

Of the 163 structures, 15 have weight restrictions due to deterioration and one, on Truck Trail 17, is closed. Most bridges are built to last 50 years before needing to be replaced, Nunnally

said. The county has 14 bridges in need of immediate replacement, including 12 bridges that are older than 50 years.

The total cost to replace those 14 bridges would be \$35 million.

The county has a total of 1,550 miles of roads maintained by the Highway Department, up from 1,429 in 2005. Nunnally said paved roads should be resurfaced about once every 12 years. Resurfacing costs about \$70,000 a mile. To resurface all of the county's 1,366 miles of paved roads in the next 12 years would cost about \$95.6 million.

The largest single project expected in the future would be extending the Baldwin Beach Express north from where the road now ends at Interstate 10 to Interstate 65. That work is expected to cost \$200 million, Nunnally said.

Demands on county roads are expected to increase.

While Alabama's population has increased 42 percent since 1970, the number of people in Baldwin County has gone up 261 percent.

Commissioners praised the work done

by the Highway Department to keep up with the demands in Baldwin County.

"I want to commend Joey and the whole team," Commissioner Jeb Ball said. "Hearing something like this looking at what we're doing and how we're keeping up makes be proud to be a part of this team."

Commissioner Joe Davis said highway crews are quick to respond to requests for help from residents.

"All we have to do is get back with some of your team and you take care of it," Davis said.

## Stepping Up Initiative offering grant opportunity

The deadline to submit a proposal is June 28

#### **Submitted**

The Stepping Up Initiative is a national program with the goal to reduce the numbers of individuals in jails with mental illness. To date, 491 counties nationwide have passed resolutions on the Stepping Up Initiative. Currently fifteen counties in Alabama have passed the Stepping Up resolution to work with local law enforcement, mental health providers and advocates.

Now, Stepping Up Alabama is expanding further across our state, working together to make a difference in our communities. The program establishes effective partnerships with law enforcement, local governmental entities, elected officials, mental health and healthcare providers, social service providers, courts and any others needed to meet the goal. At this time, six community mental health centers are facilitating the program with success across the state.

"The Alabama Department of Mental Health (ADMH) is proud to offer a second grant opportunity to community mental health centers,

so they may serve individuals in an innovative vet essential approach. Delivering coordinated services to decrease the number of persons with mental illness or cooccurring mental illness and substance use disorders in jails or emergency rooms is a vital need in every county in our state. This grant opportunity can assist local mental health centers to fill in the gap and become a connection

for those in need," said Commissioner Lynn Beshear.

Through a Request for Proposal available now on the department website, the ADMH is offering the grant to community mental health centers. The requirements and deadlines for the grant proposal can be found here.

About The Alabama Department of Mental Health

The Alabama Department of Mental Health serves more than 200,000 Alabama citizens with mental illnesses, intellectual disabilities, and substance use disorders. The department strives to Serve, Empower, and offer support to create awareness while promoting the health and wellbeing of Alabamians. Visit www.mh.alabama. gov for more information.

## Bill passed to help protect historic Rosinton community

This session, the Baldwin County Legislative Delegation passed a local bill that will allow a November 2020 vote on protections for the historic Rosinton community.

The proposed amendment would define the Rosinton Landmark District within the county and would prohibit annexation by local law of any property within that district into any nearby municipalities.

Rep. Harry Shiver (R – Bay Minette) carried the bill through the session and said he was glad to be able to help the people of the Rosinton community.

"I know this was an issue that many of them were concerned about with some recent annexations near them, so this was the best way we felt to try to help make sure the Rosinton community can remain its own separate, protected community," Shiver said. "This was really a community-driven effort, so credit where credit is due — the people of the Rosinton area

have shown they care a lot about their part of this county and want it to stay the way it is."

The bill, HB136, passed through both houses of the legislature with no votes against it.

Rosellen Coggin, one of the Rosinton residents who has helped organize the effort to try to get the constitutional amendment on the ballot, said she appreciated the efforts of Shiver and the rest of the Baldwin County delegation.

We are excited for the Rosinton Landmark District bill to be passed," Coggin said. "A big shout out to the Baldwin County delegation for their support of this bill. The passage of this bill on the November 2020 ballot will help in allowing us to maintain our quality of life, preserve our heritage and our little gem of a community known as Rosinton. It will also help in protecting against local municipality taxation."

The language being placed on the ballot for the November 2020 elec-

tion for voters to choose "yes" or "no" on reads: "Relating to Baldwin

"Relating to Baldwin County, proposing an amendment to the Constitution of Alabama of 1901, to define the Rosinton Landmark District within the county and to prohibit the annexation by local law of any property within the district into any municipality except under certain

conditions."

Shiver said he and other delegation members were proud to get the bill through this session.

"Now, it's up to the

people to vote and decide," Shiver said. "It's all about giving the people the ability to choose what they want to do. That's what we're supposed to do."

# Less waiting for emergency care (and a lot more care, if you need it).

In a medical emergency, every minute matters. So, at South Baldwin Regional Medical Center, you'll find faster care in the emergency room. We work diligently to have you initially seen by a medical professional with the shortest wait time possible.\* And, with a team of dedicated medical specialists, we can provide a lot more care, if you need it.

For less waiting and faster care, count on the E.R. at South Baldwin Regional Medical Center.

SouthBaldwinRMC.com

\*E.R. wait time, which is defined as the time it takes from check in at the E.R. desk until a patient is initially seen by a physician, can change quickly. This time is dependent on the severity of the illnesses and other patients also in the E.R.

## **Commemoration of the Battle of Midway**

Pensacola, Fla. — Naval Aviation School Command (NASC) will be hosting a ceremony in honor of the 77th anniversary of the Battle of Midway on Tuesday, June 4, at the National Naval Aviation Museum onboard Naval Air Station (NAS) Pensacola. The guest speaker for the event will be Rear Admiral (Retired) Donald P. Quinn. Just six months after the attack on the United States at Pearl Harbor, Hawaii, the United States Navy inflicted irreparable damage to the Imperial Japanese Navy during the Battle of Midway. The Battle of Midway occurred between June 4-7, 1942, and changed the tide of the war in the Pacific and the course of world history.

## Adele Stafford Art Show at Bayside Academy

DAPHNE — Bayside Academy is pleased to announce an art exhibit by former teacher Adele Stafford to be held in the Lorna Huey Gallery of The Pilot Center. The exhibit will open with a reception from 1:00–3:00 p.m. on Sunday, June 9. The gallery will be open to the public June 10–12 from 9:00 a.m.–2:00 p.m. Some of the works on display will be for sale.

Adele Stafford taught fourth grade at Bayside Academy for 15 years. However, her inspiring story begins well before she came to Bayside in 1971. The 96-year-old Mrs. Stafford grew up in Mt. Vernon in a family of artists and attended school in a two-room schoolhouse. In order to attend high school, she boarded with families in Mobile during the week while she was at Murphy High School. She graduated from the University of Montevallo in 1943 with a degree in art.

Following her graduation from college, she spent three years making maps for the U.S. Army Corps of Engineers as her war service appointment. When that appointment ended, she taught high school Spanish at Murphy for one

year before returning to the Corps for another year and then marrying her husband, Tom. While Tom attended The University of Alabama on the GI Bill, she decided to get her masters degree in elementary education, concentrating on art and Spanish.

While her husband was stationed overseas (he served in both the Army and the Navy before his 30+ years with the Corps), Mrs. Stafford returned home and taught fourth grade in Mt. Vernon where her mother was the principal. After she moved to Mobile, she taught at

Forest Hill Elementary School for six years.

Although Mrs. Stafford's educational background is in art, she never wanted to teach art in school because she didn't want to inhibit the children's natural artistic ability. She did, however, teach art at her church, Dauphin Way United Methodist in Mobile.

After her two children came along, she stayed home with them for a time and spent hours volunteering in the community. When she enrolled them at the newly established Bayside Academy in Daphne,

she decided to return to teaching and embarked on her 15-year career at Bayside. Once she began working at Bayside, she drove to Bay Minette every Wednesday night for an entire year to get re-accredited as a teacher.

It was once the Staffords moved over the bay to the Eastern Shore that she really began painting. Although she had dabbled in oils and pastels before then, she enrolled in art classes at the Eastern Shore Art Center in the 1970s and began painting watercolors. Her husband did the framing and mats

for almost all of her artwork, so they had a true partnership. Ever the artist, she took up pottery when her vision began to decline (she is now legally blind from macular degenerations and was recently diagnosed with glaucoma).

It is a treat to be able to exhibit the works of this remarkable woman, and we hope you will join us during the exhibition in early June.

Bayside Academy is an independent, coeducational, college preparatory day school for students in grades PK-12.

## Celebrate 200 years of Alabama history at the newly renovated Constitution Hall Park

#### Submitted

Constitution Hall Park, the birthplace of Alabama, will hold its public grand re-opening on Saturday, June 1, 2019, after undergoing restorations to the buildings and park.

The celebration will feature history themed family activities and crafts, live music, food trucks and museum tours. The event will also include a reenactment of President Monroe's visit to Huntsville in June 1819. The event is free to all, from 10:00a.m. through 4:00p.m. President Monroe will arrive at Constitution Hall Park on horseback at 3pm.

Constitution Hall
Park pays tribute to
Alabama's statehood
and the delegates of the
state's first constitution
200 years ago. As one

of the Alabama Bicentennial Commission's Legacy Projects, the new public park offers a space for the community honor Alabama's statehood. The park is a place to gather with green spaces, wide clean sidewalks, ample lighting and two retail outlets including a gift shop and a new Piper and Leaf- Artisan Tea Company location. Visitors can tour the building, now called Constitution Hall, that served as the meeting place for the 44 delegates that drafted Alabama's first state constitution. Other buildings available for tour include: Clement Comer Clay's law office, John Boardman's office and print shop and the residence of Madison County's first sheriff, Stephen Neal.

Bart Williams, Executive Director of

EarlyWorks Family of Museums, said, "We hope that the reimagined park becomes a community gathering spot and a place that people want to come and hang out and interact in an honorable way with Huntsville's history."

As a living history museum, visitors can see how people dressed, lived and worked in Huntsville in 1819. The museum creates a fun and exciting way to learn about Alabama's early history.

"The park is a setting for educating community members both young and old." Williams said.

Constitution Hall Park has its own history that began during the state's 150th anniversary in 1969. Local legislators and historians decided to create a monument to statehood. Through thorough research, Huntsville historians conducted archeological digs of the site and found the original foundations of the buildings that existed in 1819.

During the 1970s, Harvie P. Jones, a local architect, began extensive research and the process of reconstruction. He rebuilt the buildings with historically accurate materials and technique. In 1975, the site was deemed a significant landmark by the Alabama Historical Commission and added to the Alabama Register of Landmarks and Heritage. Finally, in May 1982, the park opened to the public.

Six years ago the Bicentennial restorations began with a vision to open the space for the community. The park is a culmination of restorations to buildings inside and out, and a total overhaul to the park and outdoor space in the hopes of leaving a lasting legacy in honor of Alabama's statehood. The restorations to the park were made possible with Nola | VanPeursem Architects and Chorba Contracting Corp. Corporate, private and public funds were raised to pay for the improvements.

The park will be free and open to the public. The museum will offer tours of the buildings daily. More information on the museum, upcoming events and field trip opportunities can be found on the EarlyWorks Family of Museums' website, www. earlyworks.com.

Constitution Hall Park is a part of the EarlyWorks Family of Museums. The mission of Constitution Hall Park is to foster community engagement through the exploration of Alabama's constitutional convention and the surrounding community. As a part of the North Alabama community for the past 30years, the EarlyWorks Family of Museums preserves, shares and builds on our collective history. Annually more than 160,000 individuals experience the three museum facilities that make up our family. As a perennial field trip destination, the Early-Works museums are an exciting extension of the traditional classroom. EarlyWork's mission is to inspire visitors of all ages, to discover and explore our community and its history. Constitution Hall Park is located at 109 Gates Avenue in downtown Huntsville, Alabama.

## "100 Deadliest Days" begin; AAA reveals key deadly behaviors for teen drivers

TAMPA, Fla. — The "100 Deadliest Days" involving teen drivers begins this week. From Memorial Day to Labor Day, traffic deaths involving teen drivers spike, with an average of seven people killed per day.

In the past five years, the following occurred during the "100 Deadliest Days":

- A total of nearly 3,500 people were killed in crashes involving teen drivers
- An average nearly 700 people (seven per day) died each year in crashes involving teen drivers
- The average number of deaths from crashes involving teen drivers ages 15-18 was 17 percent higher per day compared to other days of the year

Crashes for teen drivers increase significantly during the summer, because inexperienced teenage drivers are out of school and on the road more often. Despite the staggering statistics, research from the AAA Foundation for Traffic Safety found that nearly two-thirds of people injured or killed in a crash involving a teen driver are people other than the teen behind the wheel.

"Statistics like these can make for an unsettling summer for parents of teenage drivers," said Mark Jenkins, spokesman, AAA - The Auto Club Group. "The combination of inexperience and more time on the road, especially at night, gives teens a higher probability of being in

crashes. AAA urges parents to lead by example when driving, and talk to their teens about the importance of being safe and avoiding reckless behaviors."

#### THREE MAJOR CONTRIBUTING FACTORS TO FATAL TEENAGER CRASHES

According to new crash data from 2013-2017, the major contributing factors to fatal teen crashes during the summer driving period are:

- Speeding (28 percent)Drinking and driving
- Drinking and driving (17 percent)
- Distraction (9 percent)

#### **SPEEDING**

Speeding significantly increases the severity of a crash and is a growing problem among teen drivers. In the AAA Foundation's latest Traffic Safety Culture Index, half (49.7 percent) of teen drivers reported speeding on a residential street in the past 30 days and nearly 40 percent say they sped on the freeway.

## DRINKING AND DRIVING

Despite the fact that teens cannot legally consume alcohol, one in six teen drivers involved in fatal crashes during the summer tested positive for alcohol.

DISTRACTION - AN UNDERREPORTED PROBLEM

More than half of teen drivers (52 percent) in the AAA Foundation's latest Traffic Safety Culture Index report reading a text message or email while driving in the past 30 days and nearly 40 percent report sending a text or email. It is difficult for law enforcement to detect distraction following a crash, which has made distracted driving one of the most underreported traffic safety issues.

Additional AAA Foundation research using in-vehicle dash-cam videos of teen driver crashes found distraction was involved in 58 percent of teen crashes, approximately four times as many as federal estimates. Driving with other passengers younger than 21 topped the list of all distractions, causing even more crashes than cell phones.

"When young drivers share the car with their friends, the focus can easily shift away from the road; dramatically reducing their ability to react to a hazard ahead," said Jenkins. "AAA urges teens to be good passengers. Help the driver stay focused, and assist them as needed with adjustments to things like the AC, music or GPS."

## HOW TO CURB THE PROBLEM

AAA encourages parents to:

- Talk with teens early and often about abstaining from dangerous behavior behind the wheel, such as speeding, impairment and distracted driving.
- Teach by example and minimize risky behavior when driving.
- Make a parent-teen driving agreement which sets family rules for teen drivers.

"Parents can do so much in setting teens up to be a safe driver, yet it's the teens themselves who are ultimately responsible for practicing safe driving habits," said Jenkins. "AAA urges all drivers to store their phones out of reach, mind the speed limit, and stay away from impairing substances like alcohol and marijuana. This can help prevent many crashes from ever occurring."

TeenDriving.AAA.com has a variety of tools to help prepare parents and teens for the dangerous summer driving season. The online AAA StartSmart program also offers great resources for parents on how to become effective in-car coaches as well as advice on how to manage their teen's overall driving privileges. Teens preparing for the responsibility of driving should enroll in a driver education program that teaches how to avoid driver distraction and other safety skills.

#### AAA MOBILE APP ALLOWS PARENTS TO MONITOR TEEN DRIVING HABITS

AAADrive™ is a free

feature within the AAA Mobile app that can help parents keep their new teen driver safe. Available to AAA members and insureds, it allows parents to set limits for their teen such as when they can drive, where they can drive and how fast they can drive.

Download it by texting MOBILEAPP to 99513.

On Saturday, June 8, Alabamians and visitors alike will have the opportunity to fish for free in most public waters including both freshwater and saltwater. Free Fishing Day is part of National Fishing and Boating Week, which runs June 1-9. Free Fishing Day allows residents and non-residents to enjoy the outstanding fishing opportunities Alabama has to offer without having to purchase a fishing license.

The fishing license exemption on Free Fishing Day does not affect some lakes and piers that may still require fees and permits. Fishing in a private pond requires the pond owner's permission. Anglers can visit www.outdoorala-

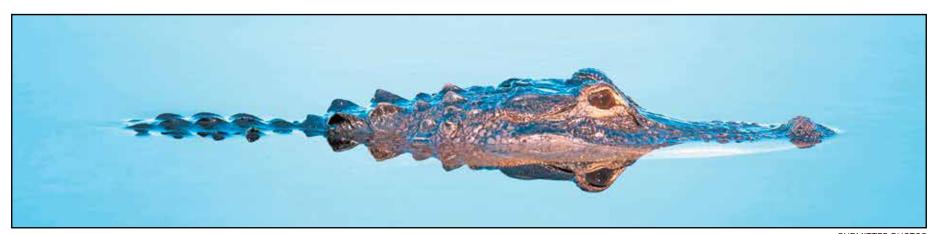

bama.com/fishing to find a great fishing spot for Free Fishing Day.

"Free Fishing Day is the perfect opportunity for non-anglers to test the fishing waters and to remind former anglers of all the fun they've been missing," said Nick Nichols, Fisheries Section Chief for the Alabama Division of Wildlife and Freshwater Fisheries. "It's a great opportunity for kids to learn how fun and exciting fishing is, while giving families a chance to do something together outdoors."

The Alabama Department of Conservation and Natural Resources (ADCNR) promotes wise stewardship, management and enjoyment of Alabama's natural resources through four divisions: Marine Resources, State Parks,

State Lands, and Wildlife and Freshwater Fisheries. To learn more about ADCNR, visit www.outdooralabama.com.

## The Annual Alligator Harvest "Lottery" is now open!

#### By LINDSAY SCHUMACHER

Independent Marketing & Public Relations Consultant, Freelance Writer, and Outdoors Enthusiast

Always wanted to harvest an alligator? Well if you're lucky, you may just get to do so. The Alabama Department of Conservation and Natural Resources will offer an alligator season for five specific areas in Alabama; with each zone having a designated number of allowed tags.

The American alligator had been an endangered species for decades due to unregulated harvesting by our forefathers. However, after decades of protection their population has grown to a point where they have been removed from the endangered list. In fact, these reptiles have rebounded to a point locally that regulated hunts are necessary to control and manage their numbers so they will not pose a threat. This marks the thirteenth year Alabama has reinstated an alliga-

tor harvesting season. Applications for Alabama alligator season tags must be made online through the Outdoor Alabama website (Outdoor Alabama Alligator Hunt Registration link). The application period opened June 4th and will close at 8:00 a.m. on July 10th. Applicants must be at least 16 years old, pay a \$22 administrative fee per zone, have a government issued picture identification and a resident hunting license. Applicants may apply once per zone. Preference points are given to those who have applied previously. The drawings will be held at noon on July 10th for all zones. Those selected must accept by the following Wednesday (July 17th) or their tag will be given to the next applicant on the list. Applicants may check for their results on the same website they registered (Outdoor Alabama Alligator Hunt Registration link). The hunts will begin in mid-August for those randomly chosen. All successful applicants will be required to complete an online training

Good luck and happy hunting!

What are the Alabama alligator hunting zones and how many tags for

- SOUTHWEST ZONE (100 tags) -Private and public waters in Baldwin and Mobile Counties that lie north of I-10 and private and public waters in Washington, Clarke, and Monroe Counties that lie east of U.S. Highway 43 and south of U.S. Highway 84
- COASTAL ZONE (50 tags) – Private and public waters in Baldwin and Mobile Counties that lie south of
- SOUTHEAST ZONE (40 tags) - Private and public waters in Barbour, Coffee, Covington, Dale, Geneva, Henry, Houston, and

Russell Counties (excluding Alabama state public waters in Walter F. George Reservoir (Lake Eufaula) and its navigable tributaries)

- WEST CENTRAL ZONE (50 tags)- Private and public waters in Monroe (north of U.S. Highway 84), Wilcox, and Dallas Counties
- LAKE EUFAULA **ZONE** (20 tags) -Alabama state public waters in the Walter F. George Reservoir (Lake Eufaula) and its navigable tributaries, south of Hwy 208, Omaha Bridge (excluding Eufaula National Wildlife Refuge)

If selected for two or more locations you must choose only one to hunt.

#### What is the bag limit?

Each person receiving an Alligator Possession Tag will be allowed to harvest one alligator (If in the Lake Eufaula Zone it must be a minimum of eight feet in length).

#### What do I use to harvest a gator?

No bait is allowed. Alligators can be captured & released or dispatched immediately upon capture by shotguns with a shot size no larger than #4 or bang sticks chambered in .38 caliber or larger. All harvested alligators must be validated at your designated check station during a specific

time and tagged in accordance with protocol.

## Way Down in Alabam': Finding old-time fiddlers and tunes

Submitted

FOLEY — In the early 1980's Joyce Cauthen began seeking old-time fiddlers in Alabama. She wanted to find fiddlers who had learned to play by ear from their kinfolks and neighbors, those who knew archaic tunes and had not had the opportunity or felt the need to become polished and improvisational as many did after World War II.

#### Want to go?

WHO: Baldwin County Genealogical Society

**WHAT:** June Meeting, Topic: Way Down in Alabam': Finding Old-Time Fiddlers & Tunes

WHEN: Saturday, June 8 at 10 a.m.

WHERE: Foley Public Library, 319 E. Laurel Avenue, Foley

WEBSITE: http://www.baldwingenealogy.org

FACEBOOK: https://www.facebook.com/

events/374541736425241/

Cauthen read pub-

lished histories of towns

and counties in Alabama, flipped through vintage newspapers, and asked contemporary fiddlers if they knew any older fiddlers who would fit the bill. When she got a lead she would either take off on her own to find that fiddler or wait until her husband, also a fiddler, could make the trip with her. Whenever they found a "bonafide" oldtime fiddler, they were rewarded with good

tunes and wonderful stories told by a person who was delighted to share them.

In her talk for the Baldwin County Genealogical Society, Cauthen will profile fiddlers from across the state, share their stories, and describe the communities in which they played. She and Jim will perform a tune they learned from each one.

Joyce Cauthen is a member of the Road

Scholar program and appears with the support of the Alabama Humanities Foundation.

The presentation is part of the program at the society's monthly meeting at the Foley Public Library. Meetings are free and open to the public. Following the presentation, guests are invited to join society members for light refreshments and discussion of research tips and brick walls.

## 2019 Vulcan Scholarship winners named Foley Foundation selects 2019 Scholars

Submitted

Connor Smith, John William Kelley, Devin Spivey, Chris House, four high school seniors from Baldwin County, were the recipients of \$26,400 in college scholarships awarded May 1, 2019, by Vulcan Scholarships, Inc., in Foley.

Vulcan Scholarships, Inc., is a nonprofit foundation fully funded by Vulcan, Inc., which is headquartered in Foley, Alabama. Since 1985 the Foundation has awarded 111 scholarships with a total value in excess of \$600,000

The scholarships are awarded to graduating seniors from Foley, Gulf Shores and Robertsdale High School who have committed to study engineering.

Connor Smith was selected as the recipient of The Cater Lee Distinguished Scholar Award for Engineering Study. He is a graduate of Robertsdale High School and is the son of Gregory Smith and Janet Newbill.

Connor will enroll at the University of Alabama to study Computer Science. His award is named in honor of Cater Lee, Founder and Board Chairman of Vulcan, Inc., and will have a total value of \$8,400 over the next four years.

After serving as an Army Air Corps Officer in World War II and the Korean Conflict, Lee was employed as Plant Manager with Vulcan's predecessor, National Safety Engineers in Birmingham. He progressed to General Manager when, in 1966, Vulcan Signs and Stampings, Inc. was formed, with Lee as its first president.

Soon thereafter, the company was moved to Foley and later renamed Vulcan, Inc. Lee served as President and Board Chairman during a period of significant expansion and acquisition by the company and continued to serve as Chairman of the Board until his death in 2011.

In 1969, he initiated the Foley High School Top 10 Academic Banquet and was instrumental in the establishment of a similar program at Robertsdale High School.

Mr. Lee founded Vulcan Scholarships, Inc., in

1984 to provide financial aid to local engineering students. The scholarships seek to espouse his belief that . . . "No one makes it all alone; no one is successful without help from someone, somewhere along the line". By providing financial support to engineering students it was his wish that during the course of their professional careers they might make a meaningful and lasting contribution to society.

John William Kelley, Devin Spivey and Chris House are the recipients of Vulcan Scholar Awards with a value of \$6,000 each. The awards will be administered at \$1,500 a year for four years.

John William Kelley,

son of John and Torrie Kelley of Robertsdale, is a graduate of Robertsdale High School. He will attend Auburn University in the fall and major in Pre-Medicine Chemical Engineering.

Devin Spivey, a graduate of Foley High School, is the son of Brandon and Shannon Spivey. He will pursue a degree in Computer Science at Auburn University.

Chris House, a Gulf Shores High School graduate, will attend the University of West Florida and study Mechanical Engineering. Chris is the son of Chris and Melissa House of Gulf Shores.

According to Jim Morris, Board Chairman of Vulcan Scholarships, who presented the 2019 Scholarships along with Secretary-Treasurer Will Rice and Board Members Nick Mitchell, David Mullins and Tommy Lee, Vulcan has awarded 111 scholarships since 1985 and currently has 11 Vulcan Scholars attending colleges and universities across the nation.

"Our list of applicants this year was just outstanding, and each year the selection process becomes more difficult. We are very pleased with this year's recipients and look forward to assisting them in pursuing their engineering degrees," said Morris, noting that the scholarships are always awarded based on need, scholastic achievement and extracurricular activities.

## Flag relay honors fallen heroes on Memorial Day

Spanish Fort Foundation Inc. The signs went to the purchaser following the relay run.

Funds raised from the relay will be directly donated to The Alabama State Veterans Memorial Cemetery at Spanish Fort Foundation Inc.

## Taking pride in a diverse fabrication team

#### **Submitted**

After years of a decreasing workforce in trade careers, even high-paying positions are sometimes lacking talented applicants. And when those applicants do come along, they're almost always

However, at Stone Interiors, two highperforming members of their stone fabrication team are women.

Ariel Lara and Sam Posey work full-time fabricating granite, marble, quartz, and quartzite countertops, and are making a big impact in the company's fabrication facility.

Sam, one of the company's top producers, has worked for Stone Interiors for over 20 years. She found a pro-

tégé when Ariel started with the company in June of 2018. They've been going strong ever since, and are valuable members of the Stone Interiors team.

Although fabrication work can be physically and mentally demanding, it's all worth it when they see a slab of rock transform into a gorgeous kitchen island or bathroom.

Both women take pride in their work, and feel strongly that anyone who can handle some manual labor can excel in the fabrication trade.

While Ariel notices some challenging dynamics, she adds that working for a company with a team atmosphere helps immensely. "Everyone who works in the shop — they'll be there in a second if I

need something. They have my back."

The owners of Stone Interiors are proud to help all their employees learn a valuable trade skill that not only benefits the company, but also offers them broader career opportunities. "Our company uniquely invests in its employees by being able to provide continuing training opportunities

that other organizations do not have the resources to provide. In addition, we place great value on our employees and their contribution to the organization," savs Co-Owner and CFO Angela Weil.

Ariel's advice for any women interested in granite fabrication?

"Don't let people tell you can't do it. You can."

## Choosing the right insurance for your business

It's June and half of 2019 is over. Insurance is one of the crucial items in a business to maintain had since the last re-

economic stabilitv. Has your business had its annual Insurance review with your agent? It is time to prepare for the review so you can be efficient and effective. Ask questions. What has changed since last year? What

## Farmers Federation Women's Committee hosts Dawn House residents

By JOHN UNDERWOOD

john@gulfcoastmedia.com

ROBERTSDALE — Members of the Baldwin County Farmers Federation Women's Committee once again hosted clients from Dawn House of Bay Minette recently at the Farmers Federation facility located behind Alfa in Robertsdale.

"This is a way for us to promote agriculture and agriculture-related crafts," said Women's Committee Chair Jennifer Salac. The Women's Committee first hosted fun activities for Dawn House residents in Robertsdale last May.

Dawn House is a residential facility for adults with both physical and mental challenges. The Bay Minette facility is home to permanent residents with additional residents participating in the Day Program at Dawn House.

Through the Day Program, Dawn House provides goals and activities for its residents, including skill training, classroom and on-site amenities. Dawn House also includes a garden facility, which grows a variety of vegetables and other items, officials said. In addition, the Dawn House provides a series of fun outings and activities including library, fishing, bowling, dining out, boating, shopping, zoo and square dancing, among others.

Full-time residents stay at the facility 24 hours a day, seven days a week, while the Day Program operates Monday through Friday, 9 a.m. to 2 p.m. Dawn House also provides extended programs during the summer months.

On Monday, June 3, residents visited the Farmers Federation and participated in activities, including making bird nesting balls, stuffed with materials that birds can use to make their nests and got to pick their very own water colorful bottle. Afterward the group went on a fun outing to Gator Alley in Daphne.

In addition, members of the Women's Committee collected living supplies for the Dawn House, including paper products, non-perishable food items and other supplies.

"This is one of two groups we have decided to provide help for this year as part of our community service," said

Salac, whose son Dusty participates in the program. "Later in the year we will collect supplies for the William F. Green Veterans Home in Bay Minette."

Fresh vegetables were also collected from a local supplier for use by the Dawn House.

"The staff at Dawn House make all the meals using fresh ingredients," Salac said. "Coming from a farming family, that is something I really like about the program."

Programs for the Dawn House are provided for a small fee, but the facility is a 501C-3 not-for-profit organization and tax deductible donations are accepted.

If you would like more information, call the Dawn House at 251-937-0940.

TAURUS (April 20 to May 20) While nothing can deter a determined Bovine from following a course you believe in, it helps to have some supporting data and statements by trusted colleagues to make your case.

**GEMINI** (May 21 to June 20) Take advantage of new information that could help make your career transition easier. The weekend is a good time to re-establish relationships with people you haven't seen in a while.

**CANCER** (June 21 to July 22) Personal matters demand your attention as once-stable situations begin to shift. Quick action to shore things up is called for in order to avoid more problems down the line.

# **Boutique hotel good for Fairhope**

The intersection of Fairhope Avenue and Section Street has been at the heart of downtown Fairhope for generations. It is right for residents, new and old, to want to protect and do what is best for the core of their beloved city.

The best use would seem to be the boutique hotel proposed for the site by developer Matt Rowers.

As Bowers told the Fairhope City Council recently, something will be built on that site. A prime location, zoned for business, at the center of Alabama's fastest growing city will not continue to sit untouched.

A study by experts hired by Bowers found that the proposed small hotel would be the best use for the location and for Fairhope. The hotel would generate less traffic, take up less parking and cause less pedestrian congestion than other possible uses, such as stores or a restaurant.

The hotel would bring in people who would support Fairhope businesses and improve the tax base.

Most of the hotel would be 10 feet below the city's height limit for the location, with only the façade at the entrance going up to the full 40 feet.

City officials have proposed negotiations to swap the spot at the intersection for property up the street, allowing the hotel to be built, but not to intrude as much on the open area near the clock. If developers and officials can reach an agreement, this could be the solution.

If they cannot, however, the solution would be to allow the hotel to be built as proposed. Other than the fact that it would be close to the town clock and take up space now open at the intersection, space owned by Bowers, there are few objections to the design.

The hotel would be

well-suited to the charm and appearance of downtown Fairhope.

Another alternative pointed out by Mayor Karin Wilson at the meeting would be that if the city does not allow a property owner to make use of his parcel, Fairhope could face an expensive lawsuit that could end up with the city having to allow that use.

Fairhope's beauty and appeal should be protected. It would appear,

however, that the best way to do this is to allow the hotel.

## Legends of Girls State

**STEVE** 

**FLOWERS** 

Inside the

For almost 100 years one of, if not the best annual event for young Alabama High School leaders in Alabama has been the Alabama Boys State and the Alabama Girls State programs.

These events are sponsored by the American Legion and the American Legion Auxillary. Boys State and Girls State are sponsored nationwide by the American Legion. The programs epitomize the American Legion's mission to honor those who have bought us our American freedom.

The Girls State and Boys
State programs brings the brightest
high school leaders together every
June. These young Alabama leaders
will be Alabama's governmental leaders in the future.

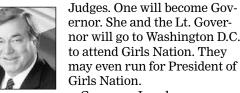

During the week-long session these high school rising seniors develop leadership skills and action-based understanding of the governmental process that gives them a lasting foundation for success both professionally and personally.

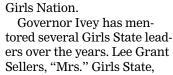

Boys State has spawned Alabama's governmental leaders for decades. I attended Boys State 50-years ago this month. I remember it like it was yesterday. It is a lifetime memory. You make friends that last throughout life and have resurfaced my entire life. One of my contemporaries from Boys State, who became a lifetime friend, is current Chief Justice of the Alabama Supreme Court, Tom Parker.

Now that women have taken their rightful place in Alabama governmental positions, it is appropriate that our top two female leaders in Alabama got their start at Alabama Girls State. Governor Kay Ivey and BCA CEO Katie Britt were leaders at Girls State. Katie Britt, who was young Katie Boyd, has always been an outstanding leader. Katie became Governor of Girls State.

Kay Ivey has stayed extremely active as a Board member and Director of Girls State ever since her years at Auburn University. She has volunteered as a counselor for over 50 years. She loves Girls State. In fact, when these young female leaders meet next week at the University of Alabama for the 79th time, Kay will address them as their Governor and fellow Girls Stater

These young women leaders will organize and assume the roles of government leaders. They will campaign in mock parties called the "Federalists" and "Nationalists." They will divide up in cities and become mayors and county officials. Then others will have bigger roles as state constitutional officers and Supreme Court

was an outstanding leader from Montgomery. She is now the 18-year Director of Alabama's Girls State. Lee's husband, Will Sellers, currently sits on the Alabama Supreme Court. By the way, Lee and Will are Kay Ivey's closest friends and confidants

We have had a President of Girls Nation mentored by Governor Kay Ivey, Cathy Johnson Randall. Kay bonded with Cathy through Girls State. Cathy has been one of the most outstanding leaders in Alabama over the past 50 years. She headed Kay Ivey's Gubernatorial Inauguration Committee.

I knew Cathy as a student at the University of Alabama. She was by far the most respected leader on campus, male or female. She was president of everything on campus. While at the University, she was a Chi Omega, a Crimson Girl, SGA Senator and ODK, and a member of Mortar Board.

After graduation from the Capstone, she married Pettus Randall from Tuscaloosa, thus becoming Cathy Johnson Randall. Upon his death she became the Chairman of the Board of Randall Holdings. She is also on the Board of the Alabama Power Company and Mercedes Benz.

While in high School, Cathy Johnson Randall was elected Governor of Girls State and then went on to become President of Girls Nation. Believe it or not, her husband Pettus, was Boys State Governor and Boys Nation President. Furthermore, she and Pettus had a daughter who was Governor of Girls State and President of Girls Nation.

See you next week.

#### LETTER TO THE EDITOR

Bridge

Please cause to be printed in all your papers the following ideas and possible solutions to remedy many thoughts and concerns regarding the construction of subject Bridge.

To begin with, the Bridge being proposed is simply not a very good idea at all and probably not necessary at this time, nor will it solve the problem. It will only place the bottleneck a few more miles down the road, in my opinion.

Let me offer this idea, I travel that area quite frequently and have been doing so for many years. Not once in my travels have I not given my opinion about the entrance at either side of the Wallace Tunnel. Eliminate the current excess turn of the highway at both ends. This most certainly can be accommodated at much less expense. Let us start reducing the curve on the east side of beginning somewhere around the distance of the Battleship and gradually move the road to

the north until you have a more straight entrance to the tunnel. On the west side you accomplish the same thing by heading towards the civic center in a more direct route coming out about Broad Street or in that vicinity. Obviously you will cause the purchase of some real property in that area but all told millions will be saved and the traffic will move much more smoothly. This sounds somewhat simple. However any study of this suggestion I do believe requires all concerned to study the idea. Let us put aside the political engineering in this monstrosity and take a real hard look at the cost to our local citizens of the original proposal. It is not in the interest of our people to be burdened with this thig. One other suggestion, any local leader who backs the original proposal as recommended should be ashamed and honestly, resign because you are not doing us justice.

## tasty tv 'Carnival Eats' a dream job for host Noah Cappe

If there are two skills Noah Cappe will one day take away from Cooking Channel's "Carnival Eats," it's being able to eat anything fried and to talk for extended periods on camera without a script.

"All like that scary stuff that is normally everybody's biggest fear," explains the Canadian-born presenter and actor, "you know, being on stage or having to speak in front of large crowds or not knowing what you're going to say - are the weird things that I love the most. I love when the camera starts rolling and all I know is the vendor's name and what we're making and it's like, let's have fun getting there."

'When people say to me, 'What's your dream job?' I'm like, 'Well, I kind of have it.' I mean, you can eat fried food and travel around and ride rides and play games all day. It's kind of a dream job."

The seventh season of the culinary travel series kicks off Sunday, June 9, and once again finds Cappe venturing across the southern U.S. to sample more of the outsidethe-box creations that vendors sell at local, county and state fairs. In the fresh batch of 13 episodes, he hits fairs in Florida, Texas, Louisiana and Arkansas, plus a stop in Toronto, to try everything from funnel cakes and German desserts to cajun treats and Mexican dishes.

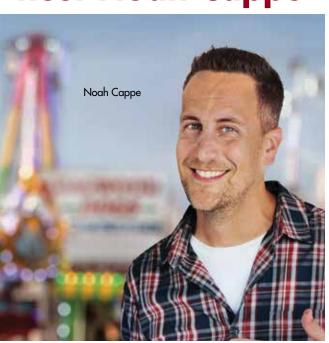

In Sunday's opener, he's at the Arkansas State Fair in Little Rock, where the Arkansas Slamwich and something dubbed the Stuffed Thanksgiving Taco are on the menu.

"It is exactly what it sounds like," Cappe says of the latter comestible. "I mean, it's in a tortilla and kind of sealed up but filled with all of the classic Thanksgiving elements. You know, the turkey and potatoes and cranberry and all the classics, stuffing. Just hot and delicious and rolled up and sealed in a taco kind of burrito hybrid. It's one of those things that you're like, 'I'm sure I've heard of that before. I'm sure I've had something like that.' But you realize that, no, it feels like you should have done it but

it makes a lot more sense when you eat

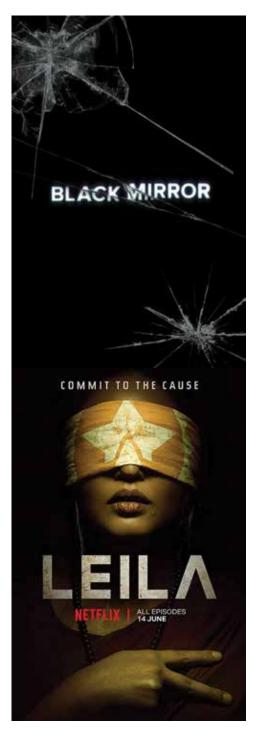

Also in that episode is a visit to the Greater Jacksonville (Fla.) Agricultural Fair, where Cappe munched on deepfried rice pudding, a bite-size treat made by rolling rice pudding into balls, freezing them, dipping them in batter and dropping them in the fryer.

"By the time that frozen part is done kind of thawing and melting," he says, "it's now hot and warm

and gooey in the middle but the outside has been fried up perfect. So that one trick alone, it's amazing how many things you can deep-fry. I mean, we've done deep-fried coffee, deep-fried pina coladas, margaritas. I mean, all kind of crazy things on this show now with that freezing technique."

OF 'KATE PLUS DATE' ON TLC

celebrityq&a

Did you have any say in the kind of men that you were dating on "Kate Plus Date" or did you just kind of trust what the matchmakers were going to do for fun

I'll be honest, I was out of the dating loop for, well since before I was married, like maybe 20 years ago. So everything was different and the question that seems easy was very hard for me from a matchmaker in terms of "What are you looking for?"

I knew what I wasn't looking for, but I could not easily articulate what I was looking for. So their job was difficult. I had a say in terms of qualities and all of those things. It was difficult for me to articulate ... . So when it came down to who they matched me with going on whatever I was able to tell them, I didn't know even really their name until, you know, minutes before. And a lot of it, because I couldn't articulate ... the awkwardness, uncomfortable, terrified reactions came from the fact that, you know, they were kind of hit or miss ... .

#### Did you make any arrangements with TLC about the stuff that just cannot be on camera?

It was important for me first and foremost that my kids would be able to watch the show and not feel cringey and uncomfortable as well as

10

other families because of, you know, our long history, viewers would essentially cross over. ... And I feel like I have five daughters and three sons and they need to be able to watch a respectful ... G-rated, essentially, show. And it's because it's important for me to be ... an example to my kids.

How did you like your first directorial job last season on "Younger"?

Your responsibility as an actor is to tell the story but it's really to your character. That's how I view it. I have a great responsibility to tell the story and be true to my character and be true to what the writers have written. And then as a director (chuckles), your responsibility is everything. It's all of it and you're the boss and you're steering the ship, so yeah it was nerve-wracking but it was exhilarating.

I mean, it was a challenge that I didn't know if I could meet, to present yourself with a challenge like that in your 40s when you've gotten comfortable with the things you know

#### OF 'YOUNGER' ON TV LAND

you can do, which is acting and just living your life. It's great, it's a great thing to do and I'm so grateful that Darren (Star, the series' creator) was so open to it. I mean, immediately when I asked, he was like, "Yeah, sure." (Laughs) And I was like, "Oh." It was great but then I was like, "Oh s..., now I have to do it." But it was so fantastic.

#### Does that change the way you view your

Yeah, it changes a lot. I mean, you can sort of liken it to when you become a parent how you view the world in a way. It's just that you (chuckles) see how everything works. I've always appreciated my cast and crew and writers and everybody who put so much wo into this show. But you really appreciate the work they do when you're relying on them and you're delegating. ...

I was always very appreciative and grateful but it's sort of a different level now. And I'm such good friends with everyone on my show and I love them all but I just fell deeply in love with them directing them, you know, because they're really good. I always knew that as a partner but it's different when you're asking things of them as a director and they can just really deliver. And then you watch them in your editing process and you're just like, "G...damn they're good."

## **BEST PLAYS INTO MOVIES**

"Casablanca" (1942) While stories abound about the spontaneous backstage combustion that resulted in one of the best-loved films of all time, the saga of reunited romantics Rick and Ilsa (Humphrey Bogart, Ingrid Bergman) actually was based on a play titled "Everybody Comes

"Arsenic and Old Lace" (1944) Director Frank Capra was smart to hire Josephine Hull and Jean Adair to reprise their Broadway as William Holden plays a status-quo-shaking performances as surprisingly lethal ladies in this comedy, also starring Cary Grant.

"Harvey" (1950) James Stewart had one of his signature roles as Elwood P. Dowd, an eccentric who maintains that a giant, invisible rabbit by the name of Harvey is his best friend. "A Streetcar Named Desire" (1951) With his wail of "Stella!," Marlon Brando cemented himself as a screen force to be reckoned with. Oscar winners Vivien Leigh, Kim Hunter and Karl Malden also excel in director Elia Kazan's take on Tennessee Williams' play.

wartime ship is made hugely entertaining by Henry Fonda in the title role, Oscar winner Jack Lemmon as amiable Ensign Pulver, James Cagney as their stern commander and William Powell as the doctor aboard the vessel.

"Picnic" (1955) William Inge's play was "opened up" beautifully for the screen by director Joshua Logan with on-location filming, newcomer to a town in Kansas

"The Odd Couple" (1968) Neil Simon's plays yielded many movie translations, but arguably the most fully satisfying is Jack Lemmon and Walter Matthau's teaming as the unlikeliest of roommates, fussy Felix and messy Oscar.

"The Lion in Winter" (1968) The sheer ferocity of Peter O'Toole and Oscar winner Katharine Hepburn as King Henry II and Eleanor of Aquitaine gives power to James Goldman's adaptation of his play (for which he also won an Academy Award).

"Mister Roberts" (1955) Life aboard a "Romeo and Juliet" (1968) The Shakespeare classic has had a number of screen versions, but the age-appropriate casting of Leonard Whiting and Olivia Hussey made director Franco Zeffirelli's retelling especially resonant with audiences.

> "On Golden Pond" (1981) Ernest Thompson earned an Oscar for adapting his play about a couple in the twilight years ... roles that also brought Academy Awards to Henry Fonda (whose daughter Jane produced the film also also starred) and Katharine Hepburn.

> "A Few Good Men" (1992) Play-inspired films had fallen out of popularity by the time director Rob Reiner brought Aaron Sorkin's military-courtroom drama to the screen. Among a powerhouse cast including Tom Cruise, Demi Moore, Kevin Bacon and Kiefer Sutherland, Jack Nicholson steals the show as the self-impressed commander who roars, "You can't handle the
