Challenging Year Brings Out the Best in Baldwin County Business

By Bruce Workman

2020 was an intense year filled with one hard-hitting challenge after another, impacting the way we live as individuals, communities and as a nation. It was a year that saw unrest and division through escalating political dissention and a growing divide caused by the fear and uncertainty of a threatening new virus. And when we thought we'd had enough, Sally cut through our region with devastating effects.

It was an undeniably rough year that left many Baldwin County residents and businesses discouraged, confused, even hopeless and fearful. Imposed lockdowns resulted in isolation and hardship, shutting people down emotionally while businesses struggled under severe financial strain. Storm damage from Sally imposed further difficulties that would require extensive repair and coordinated, large-scale clean-up efforts.

But as we so often see, these are also the times that reveal the strengths within many individuals and organizations. One such organization is Baldwin County's Kubota dealer, Baldwin Tractor and Equipment in Robertsdale. Through this roller coaster of a year, their efforts have remained sharply focused on the people of this community and the customers they serve.

In the early stages of the COVID-19 scare their products and services were deemed essential and they have remained open for business, keeping their hard-working customers running strong. The resulting lockdowns affected many important industries causing product shortages that posed some

grave challenges. But always up for a challenge, the Baldwin Tractor team initiated new procedures and expanded their network of suppliers allowing them to meet the increasing need for agricultural and construction equipment, parts and services in our growing community.

Hurricane Sally brought further challenges and an unprecedented demand for the specialized equipment required for storm clean-up and debris removal. At sun-up on the day after the storm, the team at Baldwin Tractor set up shop. Operating on the limited power from one generator, they worked hard providing crucial equipment and assistance

to the dedicated crews that went to work restoring order and stability throughout the region. Owner, Dan Middleton stated, "this is when we come together and work hard to get things done, whatever it takes."

It is this spirit of teamwork, exemplified by business leaders like Baldwin Tractor, that unites us and allows us to thrive through adversity. They consider everyone who walks through their doors a member of our richly diverse Baldwin County family, knowing that if we continue working together, we will weather these storms and grow in spirit as people and in strength as a society.

Thomas Hospital is designated as a Blue Distinction Center+ for Cardiac Care and Blue Distinction Center+ for Knee and Hip Replacement by Blue Cross and Blue Shield of Alabama, an independent licensee of Blue Cross Blue Shield Association. Blue Distinction Centers (BDC) meet overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also meet cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care, and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on www.bds.com. Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for non-covered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.

More than 1,100 employees, 350 physicians and 475 Auxilians contribute to the caring atmosphere of the hospital and its outpatient facilities.

Thomas Hospital’s campus in Fairhope is home to Baldwin County’s only open-heart surgery program. The hospital’s cancer program is the only cancer program in the County that is accredited by the Commission on Cancer. We offer an extensive inventory, as well as our competitive lease specials, finance options and expert auto service. We are dedicated to providing exceptional customer service and being an integral part of our community.

Southern Chevrolet has worked very hard to promote and support South Baldwin County by sponsoring countless youth and high school sports associations, civic groups, and fundraising organizations, as well as many other community efforts. Southern Chevrolet is a proud organization that understands the principles of success and will continue long into the future. That is why people from all over Alabama come to Foley for Chevrolet vehicles. If you need a Chevrolet in Alabama send us an e-mail or give us a call, and we will give you a reason to make the short drive to Foley.

Shoemaker Gynecology

At Shoemaker Gynecology, we treat women through all stages of life — from adolescence through the childbearing, perimenopausal, and menopausal years — using the latest advances in women’s healthcare. We provide a wide range of services including infertility services, gynecological care, urogynecology, and menopausal treatment and support.

Shoemaker Gynecology was founded in 1998 by Dr. Marshall Shoemaker to serve women in Baldwin County. Since our founding, Shoemaker Gynecology has grown to include two certified nurse practitioners (CRNP), Carla Corte and Heather Talbot.

Shoemaker Gynecology provides quality gynecological services from adolescence through menopause using the latest advances in medicine for women. Our services include routine care, such as annual exams, Pap smears, contraceptives, hereditary cancer testing, and menopause management, as well as treatment for heavy bleeding, osteoporosis, decreased libido, urinary incontinence, pelvic organ prolapse, and other concerns.

Shoemaker Gynecology also provides comprehensive evaluations for both primary and secondary infertility. We craft treatment plans for women facing endometriosis, anovulation, recurrent miscarriages, or unexplained infertility.

In addition to our wide range of infertility, gynecology, and urogynecology services, Shoemaker Gynecology is skilled in a variety of treatment procedures that address female issues. Dr. Shoemaker pioneered minimally invasive surgery on the Eastern Shore, allowing patients to be treated with less pain and a speedier recovery.

At Shoemaker Gynecology, we take time to get to know our patients, their lifestyles, family histories, and other factors so that we may provide them with quality personalized care in a warm and caring environment.

Comprehensive Cardiovascular Care for the Gulf Coast

Staffed by a team of the region's leading cardiovascular care specialists and recruited from many of the best medical programs and hospitals in the country, the physicians at Cardiology Associates offer expertise earned through advanced training and experience. Our team provides a range of cardiovascular care - from preventive and complex cardiac interventions; treatment of peripheral vascular and structural heart disease; and the diagnosis and treatment of complex heart rhythm disorders and advanced heart failure.

The first step to addressing heart or vascular problems is to correctly diagnose the condition so that appropriate treatment can be pursued. Cardiology Associates is committed to being the most progressive cardiovascular practice in the region combining patient care, advanced technology, cardiovascular specialty areas, advanced imaging and diagnosis with complex interventional procedures to treat cardiac, peripheral and rhythm disorders.

Once a patient's medical history, family history and risk factors are reviewed, additional testing or imaging studies may be recommended to more accurately diagnose heart or vascular problems. In addition to traditional heart and vascular studies, Cardiology Associates is an experienced leader in advanced cardiovascular imaging. In 2005 Cardiology Associates was the first private practice in the country to offer cardiac CT (computed tomography) using the GE 64-slice CT scanner.

In 2010 we added the additional capabilities of cardiac PET CT - the most accurate way to detect heart disease and heart abnormalities that could potentially lead to heart complications.

Cardiology Associates' CT and PET technicians are licensed and highly trained, and our facilities are accredited by the American College of Radiology for Computed Tomography, the International Accreditation Commission for Nuclear Cardiology and PET. Cardiology Associates is also an American College of Radiology designated Lung Cancer screening center.

Services

At Cardiology Associates, we use the most advanced procedures to diagnose and treat heart and vascular disease. Once your heart and/or vascular problems have been diagnosed, treatment may be needed. Treatment can be limited to prescription medications in some cases, but in other cases more involved measures are required.

The interventional cardiologists at Cardiology Associates are leaders in the use of catheter-based techniques to open plaque-filled vessels in patients with cardiovascular disease in the heart or peripheral arteries. Four highly trained electrophysiologists lead the way in the treatment of arrhythmias or other heart rhythm disorders and our Structural Heart team is the most experienced in the area treating aortic stenosis and mitral regurgitation with minimally invasive procedures. Our level of specialized expertise makes a difference.

Specialities

As the Gulf Coast's most comprehensive heart and vascular care specialists, we offer a full spectrum of specialized treatments for patients of all ages including the treatment of arrhythmias (afib), peripheral vascular disease, advanced or congestive heart failure, adult structural heart disease, vein care and pediatric cardiology.

Riviera Utilities has been installing the equipment and infrastructure needed to offer High Speed Internet Service to our cable TV customers. Installs began on August 1, 2017. Riviera Utilities appreciates the opportunity you have given us to provide reliable High Speed Internet Service and we want to say “thank you” for voting our Internet Services 1st in Baldwin County.

Born Here, Began Here, Now Voted Best Here

Luke Ezell, owner and operator of Ezell’s Enviro, was born in Baldwin County. He grew up enjoying everything Baldwin has to offer- hunting, fishing, great food, and astonishing views. What better place to live? What better place to build a business? Baldwin offers so many opportunities for a small business with its exponential growth.

Luke says “The locals are always happy to see us around town.” Ezell’s has achieved steady growth through word of mouth and from customers referring Ezell’s Enviro to their friends, families, total strangers at the store, and their neighbors. Ezell’s Enviro is truly blessed to be trusted with the protection of their customers’ most valued asset, their homes and businesses.

Providing experienced termite and pest control solutions for commercial and residential properties with pride is the primary goal at Ezell’s Enviro. The importance of our community and our environment are at the forefront of their business model. The pest control and termite industry has recently gotten some negative publicity due to very questionable practices targeting South Alabama. Ezell’s Enviro believes that customers should come first and drive your business- not sales and quotas. Success comes from customers that will continue wanting your service and appreciate knowing they are getting value for their time and money spent. The easiest way to gain customer loyalty is to remain loyal to your customers.

Feel free to contact Luke with questions, for help controlling

your unwanted guests such as ants, roaches, spiders, damages to structures from termites, or even mold and fungus. Get quality protection from a local provider. Get immediate attention to your concerns and questions. Get a name known to be trusted by your neighbors, and as we always say...

Get control.

BRYANT BANK'S CORE VALUES

Bryant Bank exists to share our financial knowledge and experience with fellow Alabamians so that families have the opportunity to get ahead, businesses grow, and our communities thrive. It's our Core Values that help make our vision and mission come to life.

We put our family first.
The state of Alabama isn't just another market for us. It's our home. Our Bryant Bankers, our customers, and our Alabama communities are our family. We will work tirelessly each day to help them build confidence for a bright future because, for us, family is at the heart of what matters most.

We put care into action.
Bryant Bankers are real people with real emotions who care deeply for the people we encounter. With every transaction or every interaction, or every phone call answered, we are on a mission to enrich the lives of our customers. To do this, we promise to be present and always accessible, and will offer unbeatable service at all times.

We rise by lifting others.
At Bryant Bank, our caring and our willingness to lend a hand are what makes a difference for others. Our entire

team is committed to making a lasting impact and will strive to provide stability for fellow Alabamians. We are proud to be servant leaders on whom you can depend.

We empower potential.
Bryant Bankers have a strong desire to see every customer succeed and will be an advocate and a champion for them. To empower this potential, we must invest in our bankers so that they are positioned to lead with energy and know how to encourage possibilities. We take great pride in what we do because we make a difference.

We aspire to be legendary.
We are proud to be Alabama's bank of the community, for the community, and will do everything with exceptional ethics and integrity in mind. Bryant Bankers will always offer sound advice and honest evaluations and our relationships will be built based on trust and transparent communication. Together, this will allow us to

help Alabama build legendary communities.

We preserve our traditional culture while embracing innovation together.
Bryant Bank is proud of our rich history and our traditional way of banking. But as one of Alabama's strongest community banks, we must continually renew our commitment to evolve while our industry evolves as well. We will find creative and authentic ways to help our customers get ahead in life while remaining true to who we are.

We are collaborative partners, not just providers.
Bryant Bank is more than just a financial service provider in Alabama. We are inspired to be the community bank and partner that works with others to design solutions to challenges. Our collaborative efforts will also provide convenience and ease for our customers so that they never have to miss a moment with the ones they love most.

Malouf Furniture & Design is a family owned & operated company that opened its doors to Greenwood, MS in 1946. My grandfather, Alex Malouf, Sr. wanted to offer his customers "Beautiful furniture at a fair price." Thirty two years later, his son and my father Alex Malouf, Jr. continued the tradition. He began to manufacture high-end accessories under the name John-Richard. This new line provided unique furniture pieces to compliment Malouf's factory direct store.

In 2000, I took my grandfather's original concept store & expanded it to Foley, right here in Baldwin county. The remnants of an old, burned building were transformed into Malouf Furniture and Design's second showroom. The popularity of the store continued to grow along the gulf coast for several years to follow. In 2004, to better service our customers, we expanded our Foley location showroom and warehouses to 90,000 square feet. The new showroom includes a furniture design center, home theatre, rug gallery, mattress gallery, Ekornes Stressless Gallery, art & accessories! We are proud to offer many additional services including window treatments, electronics, and housewares packages. We continue to strive to be the place to buy quality products at fair prices with outstanding service.

We are so lucky to have been able to carry on 3 generations of doing things the right way; putting our customers first and focusing on quality. I am grateful for every customer we've had & relationship we've built. I owe so much to this incredible community we call home and the amazing staff I'm lucky to have. We hope you come in and visit with us soon!

From our family to yours,

Gardner Malouf
