# Take a bite out of one of Alabama's historic dining experiences

Baumhower's Victory Grille, the state's first restaurant to offer Buffalo-style chicken wings, is proudly celebrating 43 years of culinary excellence. Founded by local restaurateur Bob Baumhower, a former Alabama football All-American and All-Pro Miami Dolphin, Baumhower's 10 sports-themed and award-winning restaurants across the state are renowned for delivering a legendary experience for every guest, every time. The restaurant prides itself on its fully scratch kitchen featuring fresh, never frozen chicken wings, homemade buttermilk ranch and other dressings, wing sauces, fresh hand-cut and hand-breaded Hot Lips (boneless buffalo wings); all scratch sides such as homestyle green beans and fresh hand-cut broccoli; and even making mozzarella starting from the curd.

Baumhower's fire-roasted wings and signature dishes have also been featured on the ESPN College GameDay broadcast twice in the last two years, reinforcing its status as a must-visit destination for sports enthusiasts. Each location boasts 60+ flat-screens and state-of-the art entertainment and audio packages that make you feel like you're at the game.

For the past three years, Baumhower's has been committed to providing value to their guests through their highly popular Inflation "Bites" menu that offers fresh scratch-made

meals starting at just \$7.99, and guests who dine in also receive a free beverage (Pepsi products or Red Diamond sweet/unsweet tea) when ordering any entrée or handheld item from this menu. The menu offers a variety of options, including appetizers, handhelds and hearty entrées such as the state's best wings and the widely popular 1/3-pound custom Omaha beef grind Tailgate Burger for \$8.99.

Alabama residents have consistently embraced Baumhower's as one of the top dining experiences in the state as voted on through various awards competitions, including Best All-Around Dining Experience, Best Wings in the state, Best Sports Bar, Best Chef and Best Lunch.

Locally, Baumhower's has locations in Foley at Tanger, Daphne in Jubilee Square Shopping Center and Mobile in The Shoppes at Bel Air. Baumhower's is a part of Aloha Hospitality, with headquarters in Loxley. Aloha Hospitality also owns and operates three Wingfingers concepts in Fairhope, Mobile and Montgomery, featuring fast casual dining; Dauphins fine dining located 424 feet above Mobile Bay in the RSA Trustmark Building in downtown Mobile; and Las Floriditas, a true Cuban speakeasy located in the basement of the same building.

## 3 generations, 100 years of experience means top-quality service at Bluewater Exteriors

Bluewater Exteriors is a home exteriors business based in Foley that was founded by Jimmy Fazekas, a third-generation home improvement professional. Jimmy learned the trade at the young age of 13, installing gutters in North Alabama with his grandfather and father, and he went on to own his own home improvement business there before starting Bluewater Exteriors.

At Bluewater Exteriors, we are proud to have a team of 10 dedicated and skilled employees, including our leadership team that has over 100 years of combined experience. This allows us to offer premium services for seamless gutters, screen enclosures, replacement windows and other exterior home improvement projects. We believe that doing the job right the first time costs less than having to do it over.

It's this commitment to quality and our positive work culture that has earned us the distinction of being voted the Best Gutter Service, Best Screen Enclosure and Best Window Installation in Baldwin County for Best of Baldwin 2025. We are honored to receive these awards and will continue to work hard to live up to our reputation as the best choice for home exteriors in the Baldwin County area.

## The RiverView Turf difference

RiverView Turf dates back to 1880, when the Lipscomb family began farming near Magnolia Springs. The turf division of the family farm, RiverView grows Centipede, St. Augustine, Bermuda and Zoysia sod. James Lipscomb and Sons Farms (JLS) is now the sixth generation to take on this endeavor, today maintaining 1,200 acres of sod in active growth, carefully controlled for nutrient supply and prevention of disease, weeds and insects.

By having a full farming operation, we rotate our grass crops with other crops that we spray out and treat for weeds and foreign grasses, which we could not do growing grass only. This makes our grass cleaner and sturdier than most grass on the market.

Our quality control measures surpass most farms throughout the Southeast, and our commitment to quality is such that we will not sell product that doesn't meet our rigorous standards. RiverView Turf sells sod by the pallet, slabs, mini rolls and 42-inch big rolls. We have proven to our customers we will adapt to the market demands while maintaining top quality. Always.

Call our office at (251) 965-4727 if you have any questions or would like to place an order, or visit us at [www.riverviewturf.com](http://www.riverviewturf.com) to learn more.

## Pelican Event Rentals has been bringing quality to the party in Baldwin County for over 15 years

Beau & Sissy Cook started Pelican Event Rentals in 2010. They started with only a few tables and chairs, but that quickly grew into what it is today. Not only did the business grow, but their passion for weddings grew as well, which led them to create their sister company, Ido Gulf Coast Weddings. With Baldwin County becoming a top wedding destination, it made way for them to expand their inventory and offer a larger variety of rentals. After a decade, they are still growing.

It is our mission to create events that will leave a lasting impression for years to come. That starts with having a dedicated team who has the same visions. From our office personnel and wedding and event planners to our warehouse team, you can rest assured that you are being taken care of by people who care about your event just as much as you do.

In addition to rentals, we also offer a variety of services that will surely make your event stress-free. From planning to full-service floral design to officiants to perform your ceremony, we strive to be a one-stop shop.

# A peaceful getaway with historic roots awaits at The Original Romar House B&B Inn

Alabama's first seaside bed and breakfast inn has received a small part of the charm, romance and simplicity that drew people to the beach decades ago. As one of the first houses built in 1924 by two men, Spurgeon Roche and Carl "Zeke" Martin, the house and the beach uses the first letters of their name "ROMAR." The Inn features over 100-year-old doors from New Orleans in each guest room and turned sideways as wainscoting on the downstairs hall. Historical stained-glass windows, each with a unique story, antique brass fixtures and handpicked furniture carefully chosen from the period of when the house was built decorate the entire interior. The original picnic table built at the home in 1926 by Mr. Roche and his architect friend stands in the kitchen today.

The Original Romar House will transport you to a world of warmth and relaxation. Experience the roar of the crashing waves and the delicate mist of the warm sea as the tide rolls in. Drag your toes through

the warm and soothing sand. Whether you are seeking a peaceful retreat, a romantic getaway or simply want to experience a natural wonder, you will find what you are looking for at the Original Romar House Bed and Breakfast Inn.

# Baldwin EMC is growing with you to continue serving

Baldwin EMC is proud to be selected as Baldwin County's favorite electric company and utility company. We've been working since 1937 to provide safe, reliable and affordable electricity for our members and to improve the quality of life in our communities. It's not only a passion of ours – it's our mission.

We are one of the fastest-growing electric cooperatives in the nation because we serve one of the fastest-growing counties. That's why Baldwin EMC has consistently been among the first utilities in the region to incorporate technology like our advanced metering infrastructure, our member service app, paperless billing, GPS mapping for equipment and much, much more. We were also the very first utility company in the area to have a 24-hour control center, complete with a 'round-the-clock outage management system.

We've come a long way, but we never forget where we started and, most importantly, who helped us get here: you, our members. And for the last 87 years, every pole, every mile of line, every flip of a light switch has been made possible by your support. Without you, there is no us.

Thank you for your votes and for allowing us to serve you!

# The best care for your KinderKids

Owners Mike and Johnnie Frost are dedicated to providing licensed, high-quality care that gives families peace of mind while fostering strong educational foundations for children. Their team of over 30 highly trained staff ensures excellence, making KinderKids synonymous with quality early learning.

# ***BEST AUTOMOTIVE SALESPERSON***

# IN BALDWIN COUNTY

## SANDY SANSING

CHRYSLER DODGE JEEP RAM OF FOLEY

[www.CDJRofFoley.com](http://www.CDJRofFoley.com)

As a native to Baldwin County, Wade has been a Sales Consultant for three years at Sandy Sansing CDJR of Foley and seven years previously at Gulf Chrysler. He wouldn't be in this position if it weren't for the support of his wife Magen and two sons Roman and Jaxon. Before pursuing this great career, Wade managed restaurants (Cactus Cantina), served in Law Enforcement (Foley Police Dept.), and spent many years in Industrial Printing. Wade always enjoyed working with and serving people. With this job, Wade gets a chance to do both.

# Sandy Sansing home to Baldwin's Best Auto Salesman

Thank you, Baldwin County, for voicing your support! We opened the county's newest franchise automobile dealership three and a half years ago with one objective: serve the community that serves our families. Your votes have shown that we are on the right path to meeting that goal. We work hard every day to bring world-class automobile sales and service experience to our little slice of paradise.

We want to highlight the individual accomplishments of your voted #1 salesman, Wade Odom. Wade was born here in Baldwin County and has been serving your vehicle needs for over nine years. He enjoys helping and serving the community. Positivity is a big part of his goals in life, no matter the situation. Come by and meet Wade; you'll see why he was voted Best of Baldwin.

Our team of local mechanics, writers, parts associates and managers makes what we do possible by always putting the customer's needs first. We pride

ourselves in combining the latest technology, the best available training and good, old-fashioned customer service to make this the best service experience for you and your vehicle.

We are constantly striving to improve and will continue to be a valuable asset to the community.

Thank you,

Your #1 New Car Dealership

# Tara McMeans brings more than art to Baldwin County through philanthropy, education

Gulf Shores' own Tara McMeans has won Best Local Artist in Baldwin County for the third straight year, and we couldn't be more thrilled! With a palette as vibrant as her personality and a heart as big as her talent, Tara's artistry and dedication have once again won over the community.

## FROM DOODLES TO DOMINANCE

As a professionally trained artist specializing in graphic design and marketing, Tara has always had a knack for turning ideas into memorable marketing and design projects. "I can't remember a time when I wasn't creating something," Tara said, flashing her signature warm smile. And with over 20 years of experience running her business, Design Print Promote, she's mastered the art of blending creativity with strategy. Whether it's crafting eye-catching event posters or executing marketing campaigns, Tara's work is as impactful as it is beautiful.

## SALTWATER HEALS AND SO DOES AN ARTISTIC VISION

After Hurricane Sally in 2020, her heart led her to create Saltwater heALs, a lifestyle brand that allows her to use her art as a force for good. Through this initiative, she's been able to contribute over \$20,000 to local

nonprofits in the community that she loves.

## JACK OF ALL TRADES, MASTER OF FUN

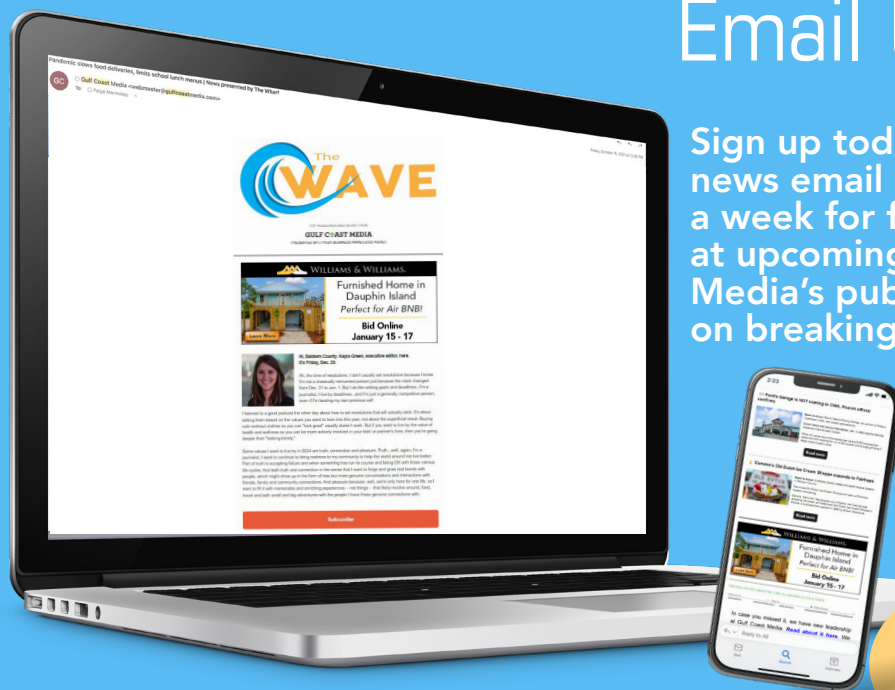

While graphic design is Tara's forte, she's a creative powerhouse who dabbles in a variety of artistic mediums. She's been a familiar face at Tacky Jacks, inspiring budding artists for over 12 years with the Art al Fresco program. Her dedication to fostering creativity doesn't stop there; she's actively involved in volunteer work, lending her expertise to many local nonprofits. Her latest venture? Helping kickstart EPIC, a student entrepreneurship program in South Baldwin County. Talk about inspiring the next generation!

## THREE CHEERS TO THREE YEARS!

Winning Best Local Artist three years in a row is no small feat, one that she jokingly credits to her family for remembering to vote daily. "It is an honor to be in good company alongside some of the best of the best in Baldwin County. I am thankful to be able to use my talents in a way that has a positive impact on my community," Tara said. "And the best part is I get to work alongside an amazing team that I am proud to call friends, whose kind-heartedness, creativity and dedication to giving back make every day inspiring."

## Filling plates and filling hearts is what Prodissee Pantry does!

It's about **hunger** at Prodissee Pantry. For 22 years, a caring army of volunteers has been filling hearts with hope and shopping carts full of healthy, locally sourced produce, eggs, meats, milk and staple foods. This community ministry assisted Baldwin County's food insecure 10,835 times in 2024 with 1.4 million pounds of food! And they do it for just \$40 per family.

Prodissee Pantry may be known for food, but what they do even better is share warm smiles and encouragement. They make on-site connections to dozens of other desperately needed services or supportive referrals. The volunteers understand it only takes a missed paycheck or two, a health crisis or a natural disaster to put a family in need of help. They share hope by feeding the physical, emotional and spiritual hunger of Baldwin County families and individuals, and they do it with dignity and grace. The Scripture, Matthew 25:35 is both their mission and their passion:

***"I was hungry and you gave me food... I was a stranger and you welcomed me."***

# Why should I choose fiber over cable home internet?

When fiber internet first hit the scene with Gigabit speeds, many conveniences we take for granted today — such as streaming movies, live TV and music, as well as video conferencing, online gaming and more — were still in their infancy.

Those early adopters of fiber were rewarded with the fastest and most reliable internet available and a front-row seat for the future of the internet. And it didn't take long for it to arrive. Today, 89% of households use the internet to stream entertainment.

As fiber internet has become more widely available at ever-increasing speeds (now up to a staggering 8 Gbps), consumers have more options than ever. And while internet delivered over cable is still a popular choice, the number of consumers dropping cable and DSL internet connections in favor of fiber continue to rise.

So, what advantages can consumers expect to see from fiber?

## **SPEED (OF COURSE)**

Fiber internet delivers the fastest home internet speeds, period. But also consider this: fiber offers symmetrical upload and download speeds, a significant advantage for video conferencing, cloud backups, gaming and content creation. Cable, by contrast, often has slower upload speeds, which could be a drawback for users who frequently upload large

files or participate in live streaming.

## **CONSISTENT PERFORMANCE**

Unlike cable, which allocates bandwidth among multiple users in your area, fiber provides a dedicated connection to your home for consistent performance even during peak usage times. This makes it suitable for activities like 4K streaming, online gaming or large file transfers.

## **RELIABILITY**

When it comes to reliability, fiber outshines cable internet by being far less susceptible to weather conditions and electrical interference. This stability is especially beneficial for remote workers or those using home automation systems, but let's be real. Nobody likes to see their TV signal freeze while enjoying sports over a streaming service or for their video calls to drop.

## **FUTURE PROOF**

Fiber infrastructure is scalable and can adapt to evolving digital needs, so as demands increase to meet the connectivity challenges of tomorrow, fiber internet is up for the job. Meanwhile, cable will continue to struggle to keep up with future requirements due to its older technology.

If blazing speeds, reliability and future-ready technology are essential, fiber is the better choice. Check your address for fiber availability now at <https://www.cspire.com/home-services/>.

**2025 BEST  
INTERNET PROVIDER**

# INSPIRED BY THE BEST SEATS IN THE HOUSE

Comedies, cartoons, action — whatever your pick for family movie night, the real fun is watching together. And with up to 40x faster home internet, you've got plenty of speed and bandwidth to go around. The popcorn, though? That's another story.

# Cornerstone Family Chiropractic targets function, not just symptom relief

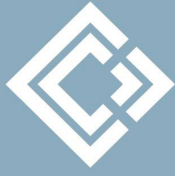

At Cornerstone Family Chiropractic, we are committed to improving your overall health, not just treating neck and back pain. We understand the common health challenges that many face, ranging from fatigue, headaches, digestive issues and chronic injuries to ear infections, allergies and immune problems. These are symptoms we often accept as part of life, but what if there's a better way to address the root causes of these issues?

Our approach focuses on function, not just symptom relief. We believe the body is designed for health and vitality, and when something is wrong, it signals a need to improve how the body is functioning. Whether you're dealing with headaches, digestive concerns or chronic pain, our goal is to enhance your body's ability to heal itself and operate optimally. The nervous system plays a key role in this process. The brain, spinal cord and nerves control every function in your body. Misalignments in the spine, called subluxations, can disrupt this system and lead to a range of health issues. At Cornerstone Family Chiropractic, we use gentle chiropractic adjustments to correct these

misalignments and help your body function better.

We serve people of all ages — children, families and pregnant mothers. Whether you're dealing with stress or chronic pain as an adult or seeking solutions for your child's ear infections or allergies, we offer customized care for every family member. We use various adjusting techniques, including manual adjustments, instruments and the Webster technique for pregnant women to provide the most effective care for your needs. We make chiropractic care affordable with our family plans that ensure you can prioritize the health of everyone in your household, and we always review costs upfront, so you know what to expect.

Chiropractic care isn't just for pain relief — it's a proactive approach to better health. By focusing on improving your body's function, we help boost immunity, reduce fatigue, alleviate headaches and address many other health challenges. Take control of your health today. Experience the difference of proactive, function-focused care at Cornerstone Family Chiropractic. We're here to help you feel better, live better and thrive.

## Classic Plumber's water filtration services keeps you healthy from chemicals

We appreciate your support and votes for Classic Plumber. As a third-generation plumbing business, we established Classic Plumber in 2021. We are a small, family-owned local company that provides service plumbing and drain cleaning and specializes in water filtration. We believe that water filtration was once seen as a luxury but has become essential, particularly for ensuring clean and safe water for you and your family. In today's world, we face numerous new chemicals from pesticides, nitrates, man-made and groundwater elements as well as "forever chemicals" that were developed in the 1920s. These substances were originally designed to be oil-resistant, flame-retardant and waterproof, but over the years they have deteriorated and are now present not only in our food but also in our water. These chemicals can lead to serious health issues, including cancer and thyroid problems. Classic Plumber can address all your water needs, offering whole-house systems that eliminate chlorine and heavy metals as well as whole-house well systems that can increase pH and remove iron. We also provide reverse osmosis systems that can purify your drinking water in the kitchen.

## Rich's Car Wash – family owned and operated since 1976

At Rich's Car Wash, we revitalize the car wash industry by putting communities first. We treat people like family while providing the best car wash experience.

1976. The United States celebrated 200 years of independence, Gerald Ford was president, and the Richardson family opened the first Rich's Car Wash in Saraland, Alabama. That location only had four bays for self-service and four vacuums for interior cleaning.

For the past 49 years, Rich's has established itself as the homegrown standard of car washing — and launched 30-plus more locations in five more states, including Mississippi, Georgia, Florida, Louisiana and Texas. Even more new ones are coming to Alabama soon. Our customers choose us for our superior soaps, excellent customer service and unbeatable prices.

"We want to be a good group of people and treat people like family," co-owner Rayford Richardson said. "We support our local communities. We want to help people be successful."

# Crye-Leike Gulf Coast & Flip Flop Vacations: The Best Vacation Rental Company on the Alabama Gulf Coast

Most vacationers are looking online for a place to stay that is safe, clean and fun. They want to know that they are being cared for and are a trusted company.

Crye-Leike Gulf Coast & Flip Flop Vacations not only manages some of the best properties at the beach, but we also guarantee the best guest experience throughout your entire stay, from booking all the way to check out.

We are committed to making a difference in the industry through proven technology and world-class customer service to ensure that our owners' and guest' hard-earned money is well spent.

## Living the Mako Way at Orange Beach City Schools

At Orange Beach City Schools, we believe in the power of Character. Respect. Honesty. Trust. Caring. Integrity. These values aren't just words to us; they're the foundation upon which everything else is built. Known as The Mako Way, they guide our students, teachers and community to reach new heights — not just academically, but as individuals committed to leading with purpose and heart.

In the 2024 state testing rankings, we earned top honors: third in math, third in science and seventh in English language arts. These rankings are more than just numbers — they represent the dedication, perseverance and excellence that define our school culture. A remarkable 10% of our students achieved the 99th percentile on the 2024 ACAP testing. Our state report cards reflect this commitment, with Orange Beach Elementary scoring a 97, Orange Beach Middle & High scoring a 94 and the district as a whole earning an impressive 95.

Our students don't just excel in the classroom; they thrive beyond it. 96% of our students participate in co-curricular or extracurricular activities. In athletics, we've become a force to

be reckoned with. Our softball team, crowned MaxPreps National Champions and 4A State Champions while also tallying their fourth consecutive state title, exemplifies the power of teamwork and grit. In cheerleading, the 4A State Champions in the Game Day Division have proven that spirit and skill go hand in hand.

In the arts, our students shine just as brightly. Our musical theater group had the rare honor of performing alongside the legendary band Foreigner, a moment that will never be forgotten. Our Marching Makos, with their superior ratings at band competitions, continue to set the bar high in their musical craft.

From the classroom to the stage, from the field to the community, we live out the values of The Mako Way, preparing students to create a lasting legacy. With these principles as our compass, we're helping to develop a generation of leaders who are as committed to character as they are to success. We are honored that these efforts were recognized by being named Best High School in the 2025 Best of Baldwin competition!
