Turn-Key, Income producing cattle farm is packaged with multiple different paddocks for rotational grazing, 3 ponds, instant waters, and a nice corral system. South of Sedalia Missouri half a mile from 52 highway. This farm has wonderful build sites all over with its gently rolling hills, scattered mature timber, and a small creek. Also, built by the entrance is a 40x60 pole barn for equipment storage. A large pipe fence corral lays in the center of the property and makes it very convenient to sort cattle. The soil is made up of silt loam with 1 to 5 percent slopes. A gravel road was installed years ago for easy access across the farm.
