Pulaski Co. 582 +/- Acres • \$867,000

Big Cavern Ranch is a 582 acre contiguous tract of rolling hills, fertile bottom land, ridge fields and hardwood timber in NE Pulaski County Missouri. Two fantastic caverns, Allie Spring and Mill Creek Cave are located on and beneath the property and a well preserved log cabin provides a comfortable place to relax and enjoy the solitude and recreation this property offers. This property has been managed by the owner over the past 15 years under the strict guidelines found within the Quality Deer Management Association (QDMA). Numerous clover heavy 'feeding' and 'ambush' type food plots were bulldozed and are found all over the property. Turkey are very prolific and are found on all of the food plots. There are two Springs/Creeks which run all year and

Miller Co. 121 Acres • \$229,000

Secluded acres just minutes from Iberia, Missouri and accessed off of Miller Counties Airport Road by a 2400 foot deeded lane is a hardwood tract that is surrounded by large farms. This property provides the ultimate in seclusion and privacy. The Deer and Turkey call the place home and I have seen Deer on every trip to the land. First time there was mid-May and the turkey gobblers were still gobbling like it was opening morning. Electricity is available at the property with a meter in place and power for the drilled well. An all metal 12' x 20' building served the owner as a bunkhouse during Deer and turkey season. Red oak, white oak, post oak and hickory hardwoods dominate the tract, and a creek dissecting the southwest portion of the property provides water for the wildlife. A trail for your side by side or atv runs from the northeast corner (at the bunkhouse) across the property to the middle of the southern boundary, providing easy access. There are openings on the ridge flats that would be ideal for a disc and some buck forage oats (turkeys like it too). The property
