### Camden Co-7 Acres • \$16,500

All wooded, property lays pretty good & would make a great place to build a new house. Electric already there. The lake is just down the road with plenty of places to put in a boat. Mimosa Marina is less than a mile away. Will also hunt nice with deer sign throughout the property. Climax Springs or Camdenton isn't far.  
**Mike Stoner at 573-774-9775**

### Camden Co-53 Acres • \$234,000

Ideal location, good pasture, live water, hardwood timber & only 1 mile N of the Richland city limits. Located on the corner of State Route A & Fairview Road. Stoops branch provides year round water & a small pond could be cleaned out to provide additional water for your cows or horses. Bottom ground would be ideal for organic farming. The 12,800 sq. ft. metal building contains a commercial paint booth & ample floor space for a manufacturing business or use the space as a warehouse. A new metal roof with skylights was installed in 2016, a deep well supplies the water & a loading dock is available on the S. end of the building.  
**Danny Miller 573-528-1489**

### Saint Clair-200 Acres • \$449,500

Great property near Collins. Sitting in the middle is a beautiful 8 acre stocked lakesome of the cleanest water I have seen in a lake. Socked with Bass, Crappie & hybrid bluegill-makes for great fishing. Nice 30x40 barn to keep your tractor & toys in. House needs some work, but with a little money & elbow grease you would have a great hunting cabin. Trails to get Atv's around. Plenty of whitetail deer & turkey for hunting. It has some great open fields for hay or food plots. Secluded & private behind a locked gate. **Mike Stoner 573-774-9775**

*Rhino Linings® were the world's first sprayed-on bed liner. Rhino Linings are the world's #1 sprayed-on bed liner. And scores of Johnny-come-latelies would love to have you believe that their coating are as good as Rhino Linings. But, they're not. Only Rhino Linings sprays on thick, forming an airtight, watertight bond that prevents rust and corrosion, Rhino Linings tough xxx stands up to xxx weather, chemicals, impact, and abrasion. It never cracks, wraps, or peels. And it's even environmentally friendly and solvent free. So see your Rhino Linings dealer. For the protection you can only get from a real Rhino.*
