YOUR LAND AND FARM EXPERTS!

Shannon Co-35 Acres

\$52,500

Just one of 3 Counties to hunt Missouri Elk in. This property sits just minutes from Summersville Missouri and not far from Peck Ranch Conservation Area and Piney Ridge Ranch Hunting Preserve. The property boasts great cover for wild game and thick undergrowth for Elk and Deer bedding areas. While touring the property the owner and I kicked up 2 young Cow Elk that were laid up in a thicket. The property has great potential for a home build and a man built lake to be made. There is a well cut lane on the South end of the property that is perfect to utilize driveway placement leading to your dream home. Be sure to call **John Bertoni for a showing 573-410-0229** or email jbertoni@missourilandco.com.

Wright Co-16 Acres

\$60,000

Just 5 miles North of Hartville Missouri with hard road access and offers a great opportunity for a hobby farm. There is approximately 14 acres that is tillable or can produce a great hay harvest every year. The owner states it has produced 70 to 75 round bales of hay per cut. The ground has been fertilized yearly and seems very free from any rock with a rich looking soil. There is an old home structure still in place and a drilled well is there also. Power is available going through the property and it would make a great new home site. A small pond sits on the property as well. For a private showing give me a call, **John Bertoni 573-410-0229** or email jbertoni@missourilandco.com.

Hickory Co-10 Acres

\$199,500

4 bedroom 2 bath with also a nice office or could make it a 5th bedroom. 2 bedrooms are upstairs , they are huge bedrooms. Also a big living room or a sitting room. The downstairs has a nice layout with a nice kitchen with stainless steel appliances . Nice breakfast nook right off the kitchen. House inside is rustic with barn wood and old metal wainscoting. The wood stove in the living room will heat most of all the house, but also has central heat and air. House sits on a crawlspace. There are two big wooden decks, one on the back and the other on the left side of the house. Newer metal roof on the house will last a long long time. There is also a 40 x 60 shop with a concrete floor . Plenty of room to park tractors, and tools outside here. Shop also has electric to it. The property lays really nice with two nice creeks that run through the property, and you can sit on the deck and listen to the water run. Great hunting here as well, owner says that deer are in the yard a lot. House has been 80% remodeled, so a little more work and the house will be completely remodeled. This sits in a nice country sub division, with very few houses. Close to Pomme De Terre lake for your summer fun! Please contact **Mike Stoner at 573-774-9775 for more information.**

Texas Co-104 Acres

\$249,600

This property is at the end of Deason Drive is a secluded outdoor recreation tract now available for purchase. The property has a small hunting cabin for your Deer and Turkey season hunting trips and a small pond for the wildlife. Electricity is just across Deason Drive and there are many nice home sites beneath the towering short leaf pines. Numerous food plot locations, marketable timber, and the property is flat to gently rolling with a nice valley that would provide a location for a large pond or small lake. Only four miles west of Licking, Missouri, this would be a very nice location for a new home site. Be the first to view the property by calling **Danny L. Miller at 573-528-1489** or email dmiller@missourilandco.com.

THE ULTIMATE WOOD HEAT

The most efficient, easiest-to-operate EPA Step 2 Certified Outdoor Wood Furnace

"It is so much more convenient than having to constantly load the indoor wood burner and I am using about half the wood. I am more at ease with the fire outside away from the house along with the dust, bugs and ash." -- Lucas

- **Top performing** - use up to 60% less wood compared to other methods of wood heating
- **Built to last** - titanium-enhanced stainless steel firebox ensures zero corrosion inside firebox
- **Peace of mind** - keep the fire and mess outside; safer, more convenient wood heat. See furnace performance and operation from anywhere with your smartphone (visit MyFireStar.com/demo to see a live demonstration)
