Hickory County - .6 Acres

Custom 3000 sq ft home close to Pomme De Terre lake in a private setting. Home has been fully remodeled in the past few years, this place looks like it was just built! 3 bedroom and all three are big and spacious. Two nice custom bathrooms with some great tile work. This house is very open and bright, owners have really tried to lighten this place up and it shows. Home has bamboo floors upstairs and tile , and beautiful vinyl laminate in the basement for easy to clean floors. The kitchen has stainless steel appliances , lots of custom cabinets with hard surface counters. The pool table room is one of my favorites, with good outside lighting and a real wood fireplace. Right off the upstairs game room is a sunroom with again plenty of windows and great sitting area for the hot and cold days outside. The downstairs is finished and has custom made bunk beds in the downstairs bedroom that will stay with the house. There is a huge game room-living room downstairs as well. With a wood stove there to warm up those cold nights. A two car attached garage to get your cars out of the weather and plenty of room for tool storage. Outside wrap around deck overlooks the firepit and out door play area that also has a play set for the kids. You will fall in love with the land scaping and yard work the sellers have done, lots of retaining walls and golf course looking grass! Two outdoor storage buildings for a he shed and a she shed for both of your tools and yard tools. This is the only home on a dead end road, so no through traffic. Pomme De Terre state park is right down the road for boat ramp and camping. This home comes with a shared boat ramp on the lake , this is a big deal on Pomme De Terre, with very few boat docks. The dock is just over the hill from the house. you can drive a golf cart right down to the waters edge. Hermitage is only minutes away for shopping and Springfield is a little over a hour. Please don't wait long on this one, call Mike Stoner at 573-774-9775

Gasconade Co - 71 Acres

\$232,375

Nestled in the western corner with gently rolling land, vey impressive white oaks(most 15' to the first limb) and a few deeper hollers, and about the perfect amount of underbrush, gives this property what it takes to harvest trophy animals. This property offers almost all of the types of timber that Missouri has to offer! With Hwy access from the south, electric close and level ground, and two trails gives a person the "perfect opportunity" to build a cabin, pull in a camper and still be able to slip in on those north and west winds and be undetected. To schedule a showing call Robert Baker @ 573-855-3442 *1-1/2 hours from St Louis *45 minutes from Sullivan *30 minutes from Owensville *20 minutes from St James

Hickory Co - 11.2 Acres

\$165,900

Don't miss your chance to view this adorable stone cottage loaded with history and character. This home was built from the stones of cabins that were once standing beneath what is now Pomme De Terre Lake. There is still work that needs to be done on the home, but the right person will be able to bring out tons of character and uniqueness when it's completed. Along with the home, there is a two-car garage with extra room at the back. This could be used for storage, a workshop, or you can add a small apartment. The 11+/- acre tract is mostly timber and with some light clearing will afford beautiful views of the valley and river below. Unique features are found throughout this property including an antique water spigot once used for watering horses, the marble base of a sundial, and an outdoor stone fireplace feature that I can imagine will be the center of many memorable nights for the new owner. Call Pamela Dempsey at 660-553-8677 or Tristan Dempsey at 660-553-7043 today to schedule your private showing!
