# LAND FOR SALE

## 150 ACRES ± | DALLAS CO., MO | \$675,000

Here is an incredible combination farm with great hunting, productive grasslands, and panoramic views. As you enter the property's gate you will see gently rolling pastures and nice sections of mature hardwoods. The property is well-fenced and can comfortably run 25 cow-calf pairs. In addition to the livestock attributes, it is typical to count 50 whitetail deer in the fields in one evening sit. There is an amazing trail system in place for accessing different hunting locations and parts of the farm. The trails are great for horseback riding, UTV, ATV, and hiking. This parcel

has multiple water features with a large beautiful pond surrounded by majestic hardwoods creating a park-like setting that is accompanied by two other ponds and creeks. Additionally, there is a large hay barn and an elevated hunting blind. The location, views, diverse uses, and quality of this property make it a great one to consider building your future home on. Great combination hunting and grazing property.

- Nice large pond with multiple fish species and two more ponds
- Quality timber for wildlife habitat
- Two wet weather creeks
- Amazing condition perimeter fencing
- Gated entrance

- Hay barn and large elevated blind
